GERMANS CONTINUE FLANDERS ATTACK

Still Endeavoring to Drive Wedge in Allied Lines.

Purpose to Outflank Allied Hill Positions Near Ypres.

Regardless of Losses Germans Seem Reluctant to Abandon Attempt.

Fighting Continued All Last Night, British and French Making Gains.

Rain Checks Activity on American and Italian Fronts.

By Associated Press Dispatch.

Heavy fighting is continuing in Flanders where the Germans began yesterday another attempt to drive a wedge in the allied lines and outflank the allied hill positions near Ypres.

Last night the British and French drove back sharply and ousted the Germans from the small bits of territory they had won. Heavy casualties were inflicted on the two German divisions.

Regardless of their heavy losses the Germans seemed reluctant to abandon the effort and this morning found them renewing the attack. A heavy machine gun fire forced the British back at one point but the recession was slight and the ground remained disputed. The fighting was continuing here when the day's report from British headquarters was dispatched.

There was fighting last night in the Bucquoy region between Albert and Arras south of the Somme. The heavy artillery fire that has been reported for days past continued on the French front on both sides of the Aisne.

Bad weather prevails on the American sectors in France. Northwest of Toul an American patrol has been ambushed by the Germans. In this sector also the American heavy artillery has been in action for the first time. Near Montdidier the American guns continue their fire against the Germans.

On the Italian front rain put a stop to lively artillery and patrol engagements.

The British forces advanced northward from Bagdad in Mesopotamia, have captured Kerkuk, 150 miles north of Bagdad, the objective of the drive. Six hundred wounded Turks were taken.

THE BRITISH THROW BACK THE ENEMY

Germans Are Promptly Dislodged from Slight Gain Made Wednesday.

(By Associated Press Cable)

London, May 9.—By a counter attack delivered last night by British troops the Germans were driven from the positions of the allied front line they had entered on the Flanders front in the LaClyette Voormezele sector, the war office announced today.

Further progress was made last night by the British on the front east of Amiens between the Somme and Ancre rivers.

Yesterday's attack on the Flanders line was carried out by two German divisions. Heavy casualties were inflicted upon them by the British forces.

WELL PLACED SHOT KNOCKS SUB TO BITS

By Associated Press Dispatch.

An Atlantic Port, May 9.—The sinking of a German submarine by a United States warship with a shot which lifted the U-boat completely out of the water and broke her in two, was reported by officers of the ship on its arrival here today.

Because of the fine work of the gunners, the crew of the ship was given an additional furlough of ten days.

On the voyage over the warship previously reported from German sources as having been wrecked, sighted three submarines. The gunners sprang to their guns. The first two shots, fired in quick succession at the nearest enemy, missed, but the third went home.

No survivors were seen in the water and the other submarines, as the destroyed submarine disappeared, dived and did not reappear.

Scout George Dewey of the American Junior Naval Marine Scouts and grand-nephew of Admiral Dewey, led the Liberty Loan Parade on May 1 in New York, on the anniversary of Admiral Dewey's great victory in Manila Bay. Scout Dewey led the parade on top of an American armored car.

AVIATORS RESCUED FROM SEA

An Atlantic Port, May 9.—(Associated Press Dispatch)—Their hydroairplane adrift at sea and in danger of sinking from a leaking pontoon, Ensign Arthur Laverents, naval aviator, and C. C. Cotton, observer, were rescued by a coastwise steamship 35 miles off Miami, Florida, Monday afternoon and were brought here today.

The men had been floating on the plane 18 hours without food or water, after an engine breakdown which forced them to drop to the surface of the sea.

LOUD CHEERS GIVEN GEORGE BY COMMONS

Premier Vigorously Defends Himself Against Critics.

(By Associated Press Cable)

London, May 9.—In the House of Commons today former Premier Asquith denied that his motion respecting the Maurice affair was designed to obtain a vote of censure of the government, said it was absurd to describe it as such.

Should he find it his duty to censure the government, he said, he hoped that he would have the courage to do so in direct and in unequivocal form.

In moving a motion for the appointment of a select committee to investigate the charges made by General Maurice, former director of military operations at the war office, Ex-Premier Asquith said he thought it was not the business of parliament to constantly inquire into the conduct of successive phases of the war. The House of Commons, he said, had more than enough of such inquiries already.

The suggestion was made that an investigation be made by a no-party committee of five which probably would be able to reach a decision that would be respected by the House and country in two or three days.

Premier Lloyd George was cheered loudly when he arose to speak. He said he had been treated unfairly. It was the business of General Maurice to come to the cabinet and point out where the ministers had made mistakes, he declared.

Denying the strength of the British fighting forces had been misrepresented as stated by General Maurice, Mr. Lloyd George asserted the figures he had given were taken from official records. Since that time he had made inquiries on this point and the figures were correct.

In regard to the comparison between the enemy and the allied forces the Premier added he was charged with misleading the public, but all the figures on which his statement was based came from Maurice's department.

The statement that three British divisions were present in Egypt, he said, was made at a cabinet meeting at which General Maurice was present.

The demand made by Mr. Asquith for a select committee was characterized by the Premier as without precedent in the history of the House.

During the time Maurice was in the office and when he had access to information and to the ministers themselves, Mr. Lloyd George said, he never challenged statements of the ministers.

STATEMENT BY BAKER SEEMS CAREFULLY GUARDED

WASHINGTON, MAY 9.—(Associated Press Dispatch)—Secretary Baker's statement announcing that his prediction that more than 500,000 troops would be in France early this year and have been surpassed was widely discussed in Congress today.

How many more than 500,000 have been sent abroad may not be disclosed for military reasons, and in making his statement Secretary Baker specifically requested that it be carried to the public in exactly the terms in which he gave it.

Under these circumstances it permits of no amplification. Neither is it possible to state how many troops actually have been transported during the first four months of this year as this would disclose to the enemy the rate at which the troops are being moved.

EIGHT MEN ENTOMBED ARE RESCUED

By Associated Press Dispatch.

New York, May 9.—Eight laborers who were imprisoned for 6 hours in a tunnel 100 feet below the surface, following a cave-in in Brooklyn last night, were rescued today but no hope is held for four fellow workmen trapped in another section.

The accident occurred when a loosened timber snapped and hundreds of tons of earth and rock poured in upon them.

JAPS MAKE LOAN TO THE CHINESE

(Associated Press Cable)

Peking May 9.—A loan of 20,000,000 yen secured by Chinese Telegraph Revenues has been concluded with Japanese bankers. An additional loan of \$25,000,000 secured by the Tsinan-Shuntze Railway is reported to have been concluded.

The newspapers are full of sensational gossip concerning the Chinese Japanese negotiations which are declared openly to be the means of Japanese domination and the selling out of China for military and financial assistance.

THE RECALL OF NOULENS DEMANDED

Soviets Claim French Ambassador Has Made Unsatisfactory Statements.

(By Associated Press Cable)

Moscow, May 4.—The recall of Joseph J. B. E. Noulens, the French ambassador, is demanded by Foreign minister Tchitcherin, because of statements said to have been made by the ambassador.

"The statement made by M. Noulens," says the note from the Soviet foreign office, "in the tragic days of Russia's living wrong, hardly can be conducive to friendly relations between the French and Russians. The representative of the French government has aggravated the relations between France and Russia and cannot be tolerated within the limits of the Russian Republic."

GOMPERS WANTS YAGER REMOVED

By Associated Press Dispatch.

Washington, May 9.—Removal of Arthur Yager, as governor of Porto Rico was asked of President Wilson today by Samuel Gompers, president of the American Federation of Labor. He charged the governor with incompetence with handling the labor situation in Porto Rico.

In a letter he declared the governor had failed to meet the situation and he had refused better living conditions for the working classes.

R. R. WAGE BOOST IS FAR REACHING

By Associated Press Dispatch.

Washington, May 9.—In recommending wage increases of \$200,000,000 annually for all railroad employees whose wages are less than \$250 a month in December 1915, the railroad wage commission made several original and far reaching suggestions on the problem of railroad labor which attracted the close attention of Director General McAdoo and other officials.

Mr. McAdoo is expected to announce his decision in about ten days. There are indications he will not accept them in their entirety.

Perhaps the provision of the recommendation likely to encounter most strenuous objection is the one that all wage increases allowed by the roads in 1916 and 1917 shall be deducted.

The commission declared in its report that reduction in hours are not to be regarded as increases in pay, a stand frankly at variance with high railroad officials.

A request for eight hours a day and for time and a half for overtime was not acted upon.

R. R. STORE HOUSE

By Associated Press Dispatch.

New Haven, Conn., May 9.—Fire for the second time in 24 hours took heavy toll from the New York, New Haven and Hartford Railroad, when a storehouse was burned at noon today. The building destroyed was located near the old union station which was burned last night. For a time much property belonging to the railroad was in jeopardy.

Unwelcome Visitor Promptly Arrested.

Now Confined in the Tower of London.

Sir Roger Casement's Fate Recalled.

(Associated Press Cable)

London, May 9.—A German submarine recently landed a man on the Irish coast where he was arrested by Government officials. James MacPherson, parliamentary secretary of the war office announced in the House of Commons today that this man was in the Tower of London and would be courtmartialled.

...It was a German submarine... that two years ago last April landed Sir Roger Casement on the Irish coast. Casement was apprehended by the government, taken to London and after being incarcerated in the Tower of London was charged with "high treason without the realm."

After a sensational trial he was convicted and hanged in Pentonville Prison on August 3, 1916.

According to witnesses who testified at the trial Sir Roger was to have led the uprising which broke out in Dublin Easter Sunday, 1916.

The Irish uprising was suppressed after several hundred had been killed or wounded.

NEW RULE ON VOLUNTEERS

By Associated Press Dispatch.

Columbus, O., May 9.—The proposal in Congress not to give credit for volunteers in figuring quotas applies only to the future and will effect in no way the quotas of May 25 of selective service men in the opinion of Major Peeler, state draft head.

These quotas give credit for enlistments and voluntary induction between July 1 and March 31.

PLANS OUTLINED FOR REGISTERING MEN ATTAINING 21

Preliminary Plans Made Public by Provost Marshal General for Registering Men Who Have Become 21 Since June 5, 1917—May Enroll 100 in Fayette County.

The Local Board of Fayette County is in receipt of preliminary plans for the registration of Fayette county men who have attained the age of 21 years since June 5, 1917—the first registration day, and it is believed that the registration if confined to the men reaching 21 since June, last, the number in the county will be right around 100 men, although some estimates run as high as 150 additional men.

Registration, which will be on a date fixed by Presidential proclamation, will be under the supervision of the Local Board and not the election authorities as last year, and the place of registration will be the office of the Local Board unless the board decides to open two or three additional places of registration in the county, placing a member of the board in charge, or some competent person whose appointment is approved by the proper authorities.

If a man is too ill to go to the place of registration, he is to make application to the Local Board for a registration card to be filled out, and if a man is outside of the county, he must make the fact known to the Local Board so that he can be properly registered.

Failure to register is expected to be punishable in the same manner as in the first draft, and a number of Fayette county men have learned to their sorrow that failure to register brings anything else but honor, and is certain to be found out.

The act of Congress authorizing the registration has not yet passed, and latest reports indicate that there is considerable discussion of increasing the draft age to 40 years, registering all men between the ages of 21 and 40 years. Speedy action on the act authorizing the registration of men attaining the age of 21 years since June 5, 1917, is anticipated, and it is believed that June 5th of this year may be the date of registration, although this has not been decided.

WILMINGTON WILL HAVE NO BALL TEAM

Unless all signs fail, Wilmington, for the first time in many years, is not going to have a representative base ball team this year.

Usually by this time a team to be called the Clintons, the time-honored name of Wilmington warriors on the diamond, has been fully organized and put in the field.

So far there has not been the slightest interest in base ball in Wilmington. Even major league scores attract but little attention. It doesn't seem to make any difference whether the Reds lose or not.

All interest seems to be in the world's series now going on in France. The big game there so far out-shadows all the others that there is no comparison.

Sharkey, time-honored base ball booster, may yet gather together a first class team, but the honor seems to be up to him.—Wilmington News.

WAR CHEST WORKERS PREPARE FOR DRIVE

A meeting with the War Chest workers of Bloomingburg and Paint township was held at the K. of P. hall in Bloomingburg, Wednesday night, with a number of the main committee in attendance, and short addresses were delivered by Chairman M. S. Daugherty, Hon. J. D. Post and M. E. Hitchcock.

The workers manifested intense interest in all plans and showed their willingness to do whatever is required of them to make the drive a thorough success in their community.

DARING FEAT OF TWO DAYTON YOUTHS

Two unknown young men from Dayton performed acts of heroism at Clifton, in Green county, this week, by leaping from the cliff into the famous "blue hole," and rescuing a small child which had fallen from the cliff into the deep water.

The two young men declined to give their names, saying they were content to save the child's life without their identity being disclosed.

FOUR VOLUNTEERS DEPART MAY 16

Under call 202 for mechanics, four Fayette county draftees have volunteered for service and will be sent to the Ohio Mechanics Institute, at Cincinnati, Ohio, May 16th, for training before being dispatched elsewhere for active service with the American army.

The four men and their numbers are: Sherman Thurlow Hosler, 636; Albert Bachert, 899; Leroy Carr, 1112; James Edward Johnson, 1146.

FOREIGNERS FIND SELVES IN TROUBLE

Joe Walski and Dan Rheimr, claiming to be Russians, but failing to show any citizenship papers, were picked up by the police this week on charges of train riding, and were later taken into custody by the authorities at Columbus for investigation by federal agents, and possible internment.

Another man who was with the pair when arrested agreed to get busy on a farm and was given his liberty, accompanying a farmer to start work at once.

1,480 MILES OF MOVIE FILMS FOR AMERICAN SOLDIERS

More than 1,480 miles of moving picture films—approximately 8,000,000 ft.—are being used each week in Army Y. M. C. A. screen entertainments for soldiers at home and abroad, according to a compilation received here today from the National War Work Council of the Y. M. C. A. It is shown that on an average there is one moving theater to each unit of 4,000 or 5,000 fighting men.

This total is divided into what are called programmes, which average five reels or 5,000 feet. There are some circuits where a programme will be constantly in use for thirteen weeks. At many camps and cantonments in the central military department, as well as at Great Lakes training station and the chain of aviation fields, as programme frequently stays for more than a week, being exhibited in the Y. M. C. A. huts and camp theaters.

Every reel shown to the soldier boys is censored before exhibiting, but there is lots of heroism found in every reel besides subjects that inspire big thoughts and those that appeal to sentiment.

While every Y. M. C. A. hut in this country has its motion picture apparatus and operators, the Community Motion Picture Bureau, through which the Y. M. C. A. is handling its screen entertainment business, has organized a chain of moving pictures on the western front from Ypres to Lorraine. These entertainments are being supplemented by musicales and theatricals.

The Y. M. C. A. is now recruiting a large force of motion picture operators for service overseas. Men of draft age who cannot satisfy their desire to enter the combat sections of the nation's service because of pronounced disability will be considered by the Y. M. C. A. for service not far from where the shells are exploding and the shrapnel is shrieking. Any man over the draft age will be accepted on proof of his qualifications.

LARGE ATTENDANCE AND DEEP INTEREST IN ANNUAL MEETING

Woman's Home Missionary Society, Chillicothe District, Holds Unusually Interesting Session at Oak Chapel, Near Johnson's Crossing.

A perfect May day, Oak chapel with its beautiful surroundings, West Holland Auxiliary and hostesses, and a record breaking attendance; all combined to make the annual meeting of the Chillicothe District of the Woman's Home Missionary Society of the Methodist church, Wednesday, a decided success.

A much enjoyed feature of the occasion was the presence of several ministers, who lent encouragement by participating in the exercises. In addition to Rev. Davis, the local pastor, who gave the welcome, were the familiar faces of Rev. J. V. Stone and Rev. Arthur P. Cherrington. Rev. Drum, of New Holland, Rev. Pfaltzgraf of Good Hope, Rev. G. H. Turley, military pastor of Chillicothe, were also present.

Mrs. Chas. Metzgar of Chillicothe conducted the business of the day in a very pleasing manner. Devotional services, always an important part of the program, were conducted by Mrs. Drumm and Mrs. Carpenter, assisted by Rev. Stone.

The reports from Auxiliaries showed an increase in membership and finances.

Much of the success of the year's work is due to the zeal of Mrs. Ed Pine, the enthusiastic corresponding secretary. There is also a competent list of Presidents throughout the district.

Mrs. Geo. Hays gave the report of Washington Grace church auxiliary. This auxiliary was on the honor roll for splendid work. Wellston received the pennant.

Mrs. Ludy, a conference worker, gave an address in the afternoon, a comprehensive treatment of the needs of the work, emphasizing the fact that nine-tenths of the Methodist women are not in the society.

Mrs. Price, of Circleville, presented the children's work. She proudly displayed a beautiful satin banner presented at the National Meeting to the Ohio Conference for the greatest increase in Home Guards organizations. Mrs. Turley, who has a sweet soprano voice, contributed a vocal duet, and the Misses Pine a beautiful duet. Mrs. Herron, Miss Hazel Fisher and Mrs. H. W. Willis were organists for the day.

Mrs. Morrow voiced the appreciation of all present for the hostesses of the day, who under the direction of Mrs. Geo. Thompson, served an attractive dinner, cafeteria style, to 125 delegates and visitors.

Mrs. Thompson paid touching tribute to the memory of Miss Julia Hyer, one of the auxiliary members, who had helped to plan for the success of the meeting.

Patriotism had its share in the program. A war chest drive was inaugurated for the district. Mrs. Turley gave a plea for the boys in the hospitals at Camp Sherman, stating that she would be glad to receive delicacies for these boys.

Preceding the closing hymn, America, Mrs. Carpenter read a spirited patriotic poem, predicting victory for the allies and characterizing Old Glory. "The Glorified Flag, The Flag of all Flags Today."

The poem was original and received much praise for its merit.

In the election of officers, Mrs. J. H. Morrow, of Walnut Street, Chillicothe, was chosen corresponding secretary to succeed Mrs. Ed Pine who in the near future will remove out of the state.

Mrs. H. W. Willis was elected recording secretary and Mrs. Frank Christopher secretary of literature.

Mrs. William McClain was the delegate from this district. Others in attendance from here were: Mesdames P. G. Carpenter, George Hays, Will Hay, Frank Christopher, S. S. Cockerill, Ed Scoggins, I. N. Rowe, Jess F. Cross, C. C. Martin, Will Pickering, W. H. Dial, Ed Pine, Ola Boyer, H. W. Willis, George Cheney, Al Thornton, Mrs. Elizabeth Cherrington, Misses Pauline and Lucy Edna Pine, Mrs. Walter Herron, Rev. Arthur P. Cherrington and Mr. H. W. Willis.

Going After the Idlers

The whole world seems to be aroused in righteous wrath against the idlers, the men who can but will not work.

Our national and state governments have issued stinging orders against the idlers. Governor Cox has issued a proclamation calling upon all local authorities throughout the state—the sheriffs and the mayors—to hunt down and list all idlers and see to it that they go to work on farms or in factories for pay on their account, or that they be made to work in the penal institutions for the state, involuntarily and for the profit of the state organization.

Sheriff Jones and Mayor Dahl have published the letter of the Governor to them and declared their intention of enforcing it.

Down in Alabama the good citizens have revived the Klu Klux Klan organization to drive the sluggards to work, and, even in Russia the Bolsheviks has announced a determination to see to it that the men who have lived in idleness turn over a new leaf and go to work.

The crusade against idleness is world-wide and one of the most encouraging activities of the times.

There is more real danger to civilization from the idlers than from any other menace. They consume and they do not produce, but above all, the idlers plot mischief and plan disturbances. As a general rule the mind of the idler is active in suggesting devilment.

Designating War Activities

From President Taft of the Red Cross organization of America on down the whole line, embracing every local unit the announcement has been repeatedly made that no activity, no matter how worthy, can be advertised as being for or being held under the auspices of the Red Cross unless every cent realized is turned into the treasury of the organization.

That rule is not an arbitrary one—neither has it been adopted lately or hurriedly. It is an old rule, comparatively speaking, and is the result of years of experience. There is a cause for its adoption and that cause is more urgent right now than at any other time.

There are many people who give exclusively to the Red Cross, there are many who assist activities for the benefit of that organization entirely—people who would not become active in any other line of work, believing that the Red Cross has its own particular field of action which appeals to them they select it, leaving other work to other people.

But there is a stronger reason than that even. The Red Cross is in need of funds—large sums of money—to carry on its work and if donations are solicited in the name of the Red Cross and work done in the name of the Red Cross it, very naturally, creates the impression that there must be a large sum in the treasury. That's the case, right now with the local unit.

People can't understand why the local unit should be short of money when so many thousands of dollars have been raised in the name of the Red Cross.

The trouble is that the Red Cross did not get the money. The money raised has been well placed—the intentions of those who used the Red Cross name have been of the highest and best, but it has resulted in a misunderstanding that is going to be difficult to remove.

More care should be taken in the use of the Red Cross name or troublesome confusion will multiply.

Farming in These Days

These are busy days in the agricultural sections. During these days, the first of the season that have permitted outdoor work, the farmers are busy on the larger scale preparing the ground for the seed that is to produce the enormous crops the world needs so much and in the cities and towns every householder is getting everything ready for the final planting of the garden.

There has been some considerable planting done already and the work of breaking up and pulverizing the ground is well along. The beautiful, prosperous, brown color of the plowed fields, when we stop to realize the possibilities and probabilities of production, cause us to divide our admiration with the rich green of the forest trees and the growing fields of wheat, alfalfa and clover.

These are grand days to be out of doors and people in the rural sections are using every minute of daylight to do the necessary work.

There is about the work now days no limit of drudgery. It is a work now days—farming is—of patriotic endeavor, supreme satisfaction, good profit and from which experiments, carried on at enormous cost in preparation for the coming of this unknown day of need, have eliminated the element of chance and transformed the work of tilling the soil from hard labor to an exact science.

Poetry For Today

THE SOLDIERS' HOUR

"Between the dark and the daylight
When the night is beginning to lower,
Comes a pause" for the busy woman
That is known as the Soldiers' Hour.

It is then that mothers and sweet-hearts
Think tenderest thoughts of their boys
Who are fighting for them and their country
Away from the dear home joys.

In the quiet dusk of the evening
They breathe a heartfelt prayer
And invoke the blessings of Heaven
For their loved ones "over there."

And the brave lads in the trenches,
Or wherever their posts may be,
Are cheered by the spirit wafted
From their homes across the sea.

For, faster than letter or cable,
Our thoughts and our prayers can go,
And how much they mean to a soldier
Only a soldier can know.

Oh, wives and mothers and sweet-hearts
Thank God for Love's winged power,
And by all that is dear and holy
Keep sacred the Soldiers' Hour.

LIEUT. B. E. PAUL IS COMING BACK AS AN INSTRUCTOR

Leaves France This Week and Will Spend Four Months in Some Camp in America as Drillmaster.

In a letter received Thursday by Mrs. O. E. Hardway, from her husband, Captain Hardway, Company K, 166th U. S. Infantry, announcement was made that First Lieutenant Billie E. Paul, of Company K leaves France this week for America, to spend four months as instructor or drill master, in some camp in the United States.

Four Lieutenants are sent back at stated intervals, and men who have had actual experience in battle are the ones returned as instructors to the new National Army recruits. It was stated that Lieut. Paul would leave about May 8th or 9th.

It is expected that he will reach America within the next two weeks, and that he will spend a short period at his home in this city, although this is not definitely known.

Neither is it known whether he will be assigned to Camp Sherman as an instructor, but it is very probable that this may be done.

SUMMARY FOR CORN AND WHEAT REGION

In the last 24 hours rain has fallen over the Ohio Valley and northward over Ohio and eastern Indiana. The fall was heavy over the western portion of the area; elsewhere, and chiefly in southeast Nebraska, north Iowa and the Red River Valley, only scattered, local showers occurred. The temperature changes were not of much importance but favorable, the prevailing temperatures being now mostly above the seasonal normal.

Weekly Weather and Crop Report for the Columbus District for the Week Ending May 7, 1918.

As a result of favorable weather, the conditions of wheat, oats and pasture is now good to excellent, except in a few localities where rain is needed. Corn planting is going on in southwestern and in some northwestern counties with soil in excellent condition. Abundant sunshine and higher temperatures during the latter part of the week improved gardens and quickened plant growth generally. Many fruit trees are now in bloom and others are coming into bloom rapidly.

Summary of Weather and Crop conditions in the Corn and Wheat Region for the Week Ending May 7, 1918.

Washington, D. C., May 8, 1918.—The weather was favorable for farm work and vegetation during most of the week in central and northern

districts and as a result meadows, pastures, fruits, gardens, potatoes and all grains have improved, except where rain was needed from Iowa westward. Winter wheat has made excellent progress in most districts, especially in Kansas and Missouri. It is heading as far north as Tennessee and southeastern Kansas, and is ripening in the extreme south. The seeding of spring wheat and other grains is nearing completion and making satisfactory growth. Corn planting is going on rapidly in central districts. The soil is in excellent condition.

JAMES DAVIS DROPS DEAD WHILE PLOWING ON WASHINGTON AVE.

Angel of Death laid its cold hand upon Mr. James C. Davis, aged 66 years, residing on the north side of Washington avenue, near the cemetery, about five o'clock Wednesday evening, taking him as he was following a plow in a lot back of his residence.

Mr. Davis had been at work plowing and had just plowed a furrow through an exceptionally hard section of the lot, when he was seized with an attack of heart trouble and fell backward upon the ground. A few moments later when his sons reached him, he was stone dead.

It is probable that the horses had been stopped by the man just as the attack came upon him. They remained standing until the sons reached the stricken man.

The deceased leaves a widow and six children. Funeral services will be held at the residence, Friday afternoon at two o'clock, and burial will be made in the Washington cemetery.

APOPLEXY FATAL TO W. A. SANDERS LOCAL CONTRACTOR

Death came almost instantaneously to Mr. W. A. Sanders, well known contractor and builder, of East Temple street, shortly after noon Thursday, when a third stroke of apoplexy proved fatal.

Mr. Sanders had eaten a hearty dinner and appeared in his usual cheerful mood. After dinner he had gotten Pine's dray to handle a load of building material, and was sitting on the dray talking to the driver, Fred Sherry, while on Columbus avenue when the death summons came.

Sherry's attention was attracted to Mr. Sanders by a queer noise and he looked around just in time to catch the stricken man as he started to fall from the wagon. He was breathing his last when Mr. Sherry caught him.

He was placed in the Peter Louderback automobile and hurried home, but the arrival of a physician quickly dispelled any hope that he might recover from the attack, and announcement was made that death must have come almost on the instant while he was on the wagon.

Mr. Sanders had suffered two light strokes of apoplexy, but his death with the third stroke, nevertheless, came as a bolt from a clear sky to his family and friends.

Mr. Sanders for many years has been engaged in contract and building work.

The deceased leaves a wife and four children, Austin L., Mrs. Harley Brown, of the Jasper neighborhood, Frank, at home, and Kathleen, a babe of one year.

Mr. Sanders was a member of the I. O. O. F. lodge of this city.

Funeral announcement later.

THE BOX SUPPER COMPLETE SUCCESS

The box supper given Tuesday night at the Roebuck school house on the state road, by the Cozy Corner Unit of the National League was a great success. The gratifying sum of \$250 was realized, and not all the money has not been turned in, but it is hoped the amount will reach near the \$300 mark.

Col. M. W. Eckles and Col. Harry Porter, auctioneers, kindly donated their services, and started the spirited bidding. Most of the boxes brought \$10, \$12 and \$15. The Red Cross box was sold again and again until it brought \$73.75.

Mr. Floyd Eichelberger gave a short talk at the beginning of the sale, and Mrs. Eichelberger, secretary and treasurer of the unit, gave a splendid report of the work completed and turned in by this unit.

Garnet Judy gave a very appropriate reading "The Red Cross," which with the singing of America helped to arouse the enthusiasm of the bidders.

Mrs. Vera C. Foster was chairman of the sale, and was assisted by the women of the unit, who are being highly praised for the successful manner in which they managed the sale.

AIRPLANES ARE TO TAKE PART IN BIG RALLY

Fleet of Airplanes Will Fly to This City from Fairfield and Give Thrilling Demonstrations on May 18.

Big Rally Expected to Draw Many Thousands of People to City.

On Saturday, May 18th Washington and Fayette county citizens will be given an opportunity to see the first real thrilling airplane stunts put on over this city that have ever been witnessed in the county when a fleet of airplanes from the Fairfield aviation field fly to this city to take part in a great patriotic rally for the War Chest.

Just how many planes will be in the fleet sent to this city is not known, but there will be a number of them, according to word received Thursday from the commandant at Fairfield, and they will be put through a great many fancy stunts while over the city.

Washington citizens will be given an opportunity of seeing for themselves what a bombardment of the city by airplane would mean.

Arrangements are being made to have the airplanes land just outside the city, and the public may examine them from a safe distance, as well as chat with the aviators themselves.

A complete program for the big event will be announced within a few days.

The coming of the airplanes is the result of a recent visit made to the aviation field by Chairman, M. S. Daugherty and others of the Fayette County War Work Council.

PREPARING STREET FOR ASPHALT TOP

The work of preparing the surface of Market street from the court house alley intersection to the west side of Main street, for resurfacing with asphalt, is now under way, and within the next few days the application of asphalt will be made and the street will be in keeping with the remainder of Market street from Hinde to Main and from the court house alley to North street.

It is expected that if the resurfacing with asphalt proves satisfactory, that the remainder of the old brick streets will be resurfaced in the near future.

AUTOS STOLEN

The daily newspapers tell of Ford automobiles being stolen right along at Columbus, Chillicothe, Springfield, Dayton and other places. The time for automobile thieves to get in their work is when you are not with your machine, when it is parked or in your garage. The cheapest insurance against theft is to have a Ram anti-

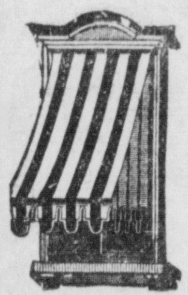

thief lock put on your Ford auto. We install them in five minutes for \$2.50. Two keys with each lock. Hitchcock & Dalbey. Advt.

RED CROSS FAMILY REMEDIES

Many able Chemists and Doctors were called into service in perfecting this line of Red Cross Remedies. This is an age of Specialists, and while one may have distinguished achievements to his credit in one particular line, another is excelling in something else. That very thing makes it possible for us to have a Red Cross Remedy for each ailment, and enables us to give the consumer more than we promise or charge for. Each formula is compounded with as much care and precision as if our entire success depended upon that one Remedy. That's why NEUROTONE repairs shattered nerves, and Red Cross STONE ROOT and BUCHU puts your kidneys in a normal and healthy condition. Red Cross Remedies are not Patent Medicines. The formula is printed on each carton in plain English, so that you know what they are composed of and what you are taking. More than one hundred Red Cross Remedies and Toilet Preparations are sold and guaranteed only by C. S. HAVER'S DRUG STORE.

LOCAL BASE BALL SEASON TO OPEN WITH SUNDAY GAME

On Sunday afternoon at the Washington baseball park the local baseball season will be opened when the local team will line up as follows:

Dunn, c; Morris and Melvin, p; Leach, 1b; Rannels, 2b; McAllister, ss; Turner, 3b; Noon, Jones and Groover, fielders.

While Wilmington and several other nearby cities and towns have not yet succeeded in mustering up enough nerve to even outline plans for a team this year, the local magnates have gone ahead, not only arrived at a determination to have base ball, but actually determined on the line up, and a good one too. The team, which will take the field Sunday afternoon carrying the hopes of the Washington and Fayette county fans, will be a plumb good one. The managers and promoters have done their work quietly but effectively, and in placing the whole team on the home lot Sunday afternoon have sprung a pleasant surprise on baseballdom hereabouts.

The admission will be 30 cents at the gate and ten cents for the grand stand.

The game promises to be one well worth seeing, especially when the interest is increased by knowledge of the fact that the local team is purely a local team in the fullest sense of the word.

CHILICOTHE CHIEF OUSTED BY BOARD

After a hearing covering a period of many days, Chief of Police Pendergast, of Chillicothe, has been ordered removed by the Civil Service Board.

AUTO OWNERS MUST MAKE QUICK RETURNS

Quite a number of owners of automobiles have not returned them for taxation, and unless they do so within the next few days, Prosecutor H. M. Rankin will be asked to take action as provided by law in such cases. This announcement was made by County Auditor Pine, who is giving the delinquents a final chance before legal action is taken, and the man or

woman who has forgotten to list their auto for taxation must act promptly.

The returns of incorporated companies and banking institutions are being received and there is every reason to believe the returns will be completed by June 1st, it is announced.

Auditor Pine Thursday morning expressed himself as greatly pleased with the manner in which tax returns were made this year, a great many persons taking time and making every effort to do the listing themselves without asking for help.

MYERS BROTHERS PURCHASE HOTEL

The Myers Brothers, formerly owners of the Colonial Theater in this city, have purchased the Adena Hotel property in Chillicothe, which adjoins the Majestic Theater operated by the two men. The hotel was purchased of Mr. George Auch.

It is expected that the men will remodel the property and use part of it for theater purposes to be run in conjunction with the Majestic. The front portion of the property will probably continue in use as a hotel.

WILLIS IS EXPECTED TO DRAW BIG CROWD HERE SATURDAY

It is expected that a large crowd will be in the city Saturday afternoon to hear former governor Frank B. Willis, who will speak from the south steps of the court house at two o'clock in the interests of the Fayette County War Chest campaign, which begins Monday, May 20th.

A band concert will precede the speech of the former governor, and arrangements are being made for other speakers at the same meeting.

Mr. Willis will deliver the class address to the graduating class of the Bloomingburg high school on Friday night, and will be entertained in this city for the night, the following day and Saturday night he delivers the class address at the Good Hope high school.

On Sunday he will probably go to Chillicothe as the guest of local political friends.

ANOTHER NEGRO MAKES A MISTAKE

Orville Willard Brown, mulatto, on Wednesday was brought into the office of the Local Board by agents of the American Protective Association, which is co-operating with the United States Secret Service, on a charge of having falsified in his registration by declaring himself a white man.

Thursday morning he was inducted into the military service and sent to Camp Sherman.

He is the second negro who has been picked up in this county for having registered for military service as a white man.

OH! MY BACK!

The Expression of Many a Kidney
Sufferer in Washington C. H.

A stubborn backache is cause to suspect kidney trouble. When the kidneys are inflamed and swollen, stooping brings a sharp twinge in the small of the back, that almost takes the breath away. Doan's Kidney Pills revive sluggish kidneys—relieve aching backs. Here's Washington C. H. proof:

Mrs. O. L. Peart, 657 S. North St., says: "A number of years ago I had an attack of kidney trouble. When I tried to walk up the stairs, I was taken with a catch in my back and for a few minutes I couldn't straighten. I suffered with intense pains through my back and sides, for several days and my kidneys acting irregularly caused me much annoyance. A neighbor advised me to use Doan's Kidney Pills. After I had taken a box, I was entirely cured and I have never had any return of the trouble."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Peart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Advt.

RED CROSS ACTIVITIES

The Mothers' Circle are feeling both gratification and pride from the fact that the receipt from Lake Division Headquarters acknowledging the 79 sets of Belgian Baby Layettes, had written across it by the Inspector, Mrs. Helen N. Garfield, "beautifully made and very generous."

While the work sent to headquarters by the local Red Cross work shop has been repeatedly graded perfect, this is the first time that the personal note has been introduced in the acknowledgements. The tiny garments and the completed sets were so exquisitely dainty and attractive that it was not strange that they evoked the unusual compliment.

Sherman Convalescent House

Work on the convalescent house for the base hospital at Camp Sherman is well under way. The Red Cross War Council appropriated from its First War Fund for this and other convalescent houses at camps. Upon completion the convalescent houses are turned over to the government. The house at Camp Sherman is being erected in the shape of a Greek cross and will be 100 by 100 feet in size. Among other features it will contain a library, lounging room and equipment to provide motion picture entertainments.

Aids Canadian Red Cross

In recognition of the part Canada has played in the war, the American Red Cross War Council has appropriated \$500,000 to the Canadian Red Cross. The gift has been made without restrictions, but with the expressed hope that it will be found possible to use the contribution for the relief of soldiers at the front.

Voting Dollars Instead of Ballots.

Lewis E. Myers, Chairman of the Porter Co. (Indiana) Chapter, has written as follows to The Lake Division News: "The funds of the chapter were exhausted and a committee of women volunteered to arrange a series of benefits as a method of raising money. Instead, the suggestion was offered of obtaining ballot boxes from the county election commissioners, decorating them attractively with the Stars and Stripes and setting them in conspicuous places for one Friday afternoon and Saturday. Each box was attended by a woman in Red Cross uniform. No soliciting was to be done because of the proximity to the Liberty Loan and Second Red Cross War Fund Drives. Over \$1,500 were dropped into twenty of these boxes. The women were enthusiastic with having a whack at the ballot boxes in the Hoosier State, and the public didn't feel scandalized at voting their dollars to the Red Cross."

Hun Helmet Brings \$50,000.

A Hun Helmet, belonging to a German who was captured at the second battle of Ypres, was recently auctioned off in New York bringing \$50,000 to the War Loan.

It was put up by Lieut. Gordon Sherris of the Canadian "Black Watch" amid a throng that gathered in front of the Sub-treasury, Broad and Wall streets at a noon day liberty loan meeting.

Lieut. Sherris was attired in the kit of his regiment and made a striking picture, the helmet in his hand glittering in the sun. He announced that no bids would be accepted under \$50,000.

The purchaser was J. P. Morgan who subscribed the \$50,000, then returned the relic to be auctioned again.
